

1 Manual extra child saddle Cargo bike

1. Gate closer, 2. Seat post,
3. Saddle, 4. M6 Nut, bolt, ring (2x),
5. Rubber with adhesive edge (2x),
6. Hose clamp (2x).

Step 1: Mount the saddle

Before mounting the seat post (2) stick the rubbers (5) on the steering tube to prevent damage. Align and mount the seat post (2) on the steering tube with the two hose clamps (6). Now mount the saddle (3) on the seat post (2)

Step 2: Drill holes in the box

Remove the kickstand magnet from the box and drill two holes (M6). See the picture above for the exact dimensions.

Step 3: Mount the gate closer

Mount the gate closer (1) on the box. Kids can now use the kickstand as a footrest when sitting on the child saddle.
